

WATSON'S HORSE REMEDIES

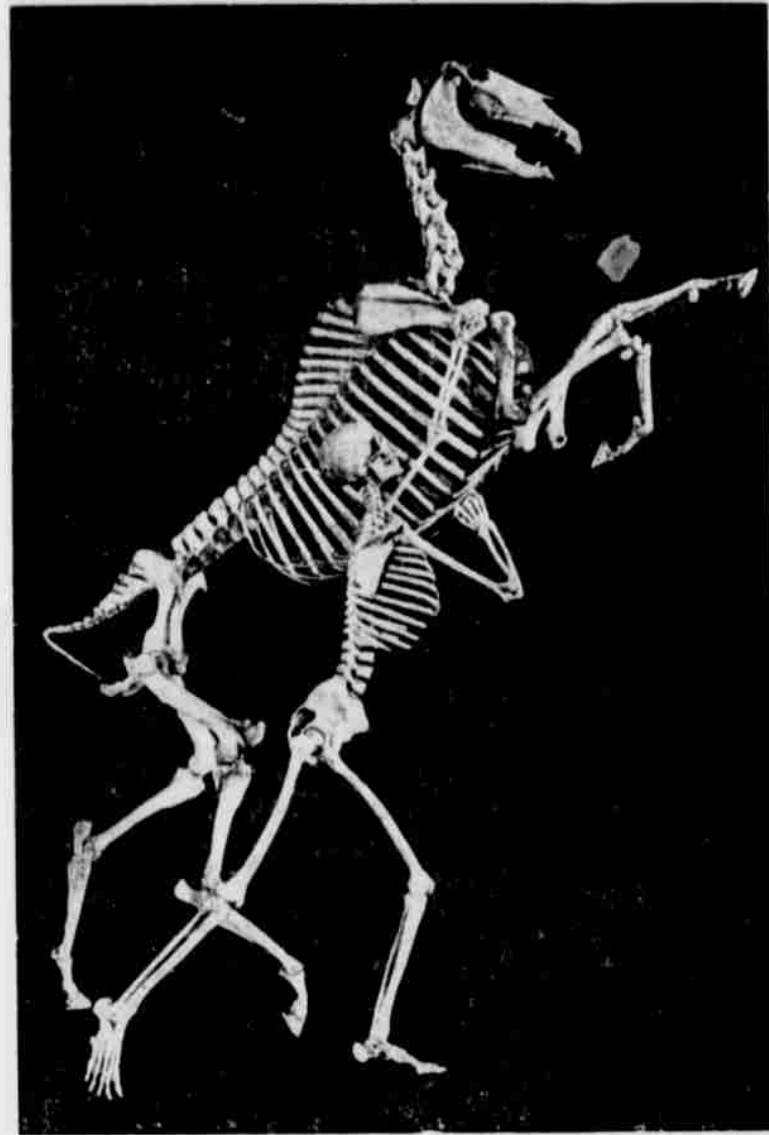

CURE HORSES, MULES AND CATTLE

There are seven distinct Remedies and each is for a different disease; so any defect a horse may have can be treated with these remedies.

The Watson Company issues a neat little booklet about the care of horses which can be had for the asking.

If your horse is sick try a bottle, as it is Guaranteed and it costs nothing to try if the medicine fails to do the work.

This Trade Mark is on every package of Watson's Remedies

TRADE MARK

Watson's Fly Proof Healer
For Horses and Mules

Quickest Healer on Earth for Wire Cuts, Wounds and Cuts. Cures While at Work. It's Fly Proof

The Watson Company has its headquarters in Pine Bluff, Ark., since incorporating, but now the remedies, of which there are seven in number, are sold all over the United States.

THE LINE IS STRICTLY VETERINARY and so can be made to do more for stock than some that are made for Man and Beast, as the proportion is not the same in both.

These Remedies are sold on a positive Guarantee, and, if they do not do what is claimed for them, your money is cheerfully refunded.

Quality Positively Guaranteed

RESULTS CERTAIN AND GUARANTEED

If Used in Reasonable Time.

INTER-SCHOLASTIC RIFLE MATCH FOR CHAMPIONSHIP OF THE U. S.

Washington, D. C., Feb. 17.—An inter-scholastic rifle match for school boys has been arranged by the executive committee of the National Rifle Association. The match will be known as the "Inter-Scholastic Rifle Match" and will be held at the National Rifle Range at Camp Perry, Ohio, on the 24th and 25th of April. The match will be open to boys of ten years of age and over, who are members of the National Rifle Association or who are members of the National Rifle Association of the United States. The match will be held on the 24th and 25th of April. The match will be open to boys of ten years of age and over, who are members of the National Rifle Association or who are members of the National Rifle Association of the United States. The match will be held on the 24th and 25th of April. The match will be open to boys of ten years of age and over, who are members of the National Rifle Association or who are members of the National Rifle Association of the United States.

will be a handsome new "Champion Rifle Trophy" to be held by the winning school for one year and to become the permanent possession of the individual members of the team. The National Rifle Association now has affiliated with it about thirty-five schools, all of which are expected to enter the contest. The Inter-Scholastic Rifle Match for the 1909 National Rifle Championship of the United States, will be shot on the local ranges at any time between March 15th and 27th. Targets will be furnished by the N. R. A. and the distance will be fifty feet. This match is also for teams of ten bona fide students, with twenty shots for record, of which ten shall be shot standing and ten prone. Two slugging shots allowed for each position. The National Rifle Association will appoint a judge to be present when each team fires. The conditions regarding rifles and ammunition are the same as for the schoolboy match. The trophy is the Championship Trophy presented by the Forest, Fish and Game society of the United States, to be held by the winning university or college for one year and to become the permanent possession of the individual members of the team. The National Rifle Association now has affiliated with it about thirty-five schools, all of which are expected to enter the contest.

COUNCIL IN SESSION

MAYOR AND CITY CLERK AUTHORIZED TO MAKE SETTLEMENT OF CLAIM AGAINST THE CITY.

A called meeting of the city was held in the mayor's office last night for the purpose of taking some action with reference to a bill which had been presented by the D'Oliver Engineering company of Philadelphia. Mr. Grissom, representing the engineering company was present at the meeting. The amount asked for was part of the purchase price of the pumps at the city pumping station. One of the contracts concerning the payment of pumps was dated as far back as 1902. Mr. Kearney of the finance committee took the matter up yesterday with the city clerk and concluded that the city was indebted to the engineering company in the sum of \$4,268, and moved that they be allowed that sum. The motion was lost and in the discussion that

followed it was learned that not a man on the council had ever heard of the claim before. Alderman Dunlap wanted to see the matter investigated by the finance and waterworks committees and a report made to the council. This motion was lost. Mr. Kearney said such a motion would require a month's work and he did not think it necessary. Mr. Berryhill made a speech in which he said other warrants had been paid on the same deal by the men who made the contract on the part of the city and he wanted to see these warrants paid. A motion by Mr. Kearney that the mayor and city clerk check up the matter and issue a warrant in payment was carried. The question was discussed generally. Alderman Shelton and Alderman Cruce wanted the company to have what was due it.
